### What You Need to Know about Overdrafts and Overdraft Fees

An **overdraft** occurs when you do not have enough money in your account to cover a transaction, but we pay it anyway. We can cover your overdrafts in two different ways:

- We have standard overdraft practices such as Just in CASE that your account may be eligible for.
- We also offer overdraft protection plans, such as a link to a savings account, which may be less expensive than our standard overdraft practices. To learn more, ask us about these plans.

This notice explains standard overdraft practices.

### What are the standard overdraft practices that my account may be eligible for?

We do authorize and pay overdrafts for the following types of transactions:

- Checks and other transactions made using your checking account number
- Electronic bill payments

We do not authorize and pay overdrafts for the following types of transactions unless you ask us to (see below):

- ATM transactions
- Everyday debit card transactions

We pay overdrafts at our discretion, which means we do not guarantee that we will always authorize and pay any type of transaction. If we do not authorize and pay an overdraft, your transaction will be declined.

### What fees\* will I be charged if CASE Credit Union pays my overdraft?

Under our standard overdraft practices:

- We will charge you a fee of up to **\$31\*** each time we pay an overdraft.  
\*May be amended from time to time. Please refer to the Credit Union Rate and Fee Schedule.
- There is no limit on the total fees we can charge you for overdrawing your account.
