CASE Credit Union Partners with Habitat for Humanity to Aid Lansing Neighborhood

Lansing, MI (June 20) – CASE Credit Union proudly joined hands with Habitat for Humanity to assist in beautifying a current rehabilitation home in Greater Lansing. Together, CASE Credit Union and Habitat for Humanity spent the day landscaping and reviving a vacant home for a local mother and child. Six CASE Credit Union employees donated their personal time to volunteer in this beautification project.

Habitat for Humanity of Lansing is a non-profit working towards eliminating poverty housing and homelessness by building and rehabbing simple, decent homes with the help of the homeowner and volunteers.

“We are committed to helping residents of the Greater Lansing area experience the dream of owning their own home and through partnership with Habitat for Humanity, this dream becomes reality!” stated Jeffrey Benson, President/CEO.

Through the work of Habitat for Humanity, thousands of low-income families have found new homes in the form of affordable housing. CASE Credit Union, as a Community Development Financial Institution (CDFI), was extremely pleased to join together with Habitat for Humanity to successfully tackle a significant social problem – decent housing for all.

Established in 1936 by Lansing area educators, CASE Credit Union is a full-service financial institution serving over 35,000 members and managing approximately \$250 million in assets. CASE Credit Union is focused on service and committed to exceeding the financial expectations of today’s mobile society through convenient products and services.
